

URANOS NX 1700 AC/DC

With features like a full color display with a highly intuitive user interface, an intelligent power system that ensures the most accurate welding arc, or the ability to customize the NX welding machines to specific welding tasks with myNX, Böhler Welding combines competence and experience of 40 years in the development of welding equipment.

- TIG AC - TIG DC HF - MMA
- Single-phase power supply 1x230V
- greenWave® inverter technology
- 5" color LCD user panel
- Welding programs (Bohler Welding 7)
- Lightweight and professional
- Protection IP 23S
- Weight: 18.8kg

- TIG Duty cycle - 40 °C 35 % - 170A 60 % - 150A 100 % - 130A
- Suitable for: Carbon Steel - Carbon Steel - Stainless Steel - Cast Iron - Copper - Titanium - Aluminium
- Applications:

Light workshop production

Construction / Road transport / Shipyards

Maintenance and overhaul

Construction works, Military industry

Bodywork, Workshops

Sheet metal processing

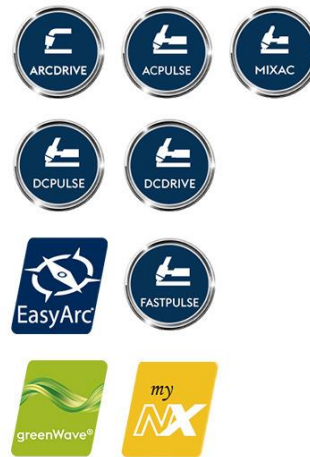

Food industry

Plumbers / Installers

URANOS NX 2200 AC/DC

With features like a full color display with a highly intuitive user interface, an intelligent power system that ensures the most accurate welding arc, or the ability to customize the NX welding machines to specific welding tasks with myNX, Böhler Welding combines competence and experience of 40 years in the development of welding equipment.

- TIG AC - TIG DC HF - MMA
- Single-phase power supply
1x230V
- greenWave® inverter technology
- 5" color LCD user panel
- Welding programs (Bohler
Welding 7)
- Lightweight and professional
- Protection IP 23S
- Weight: 18.8kg
- TIG Duty cycle - 40 °C 35 % - 220A 60 % - 170A 100 % - 150A
- Suitable for: Carbon Steel - Carbon Steel - Stainless Steel - Cast Iron - Copper -
Titanium - Aluminium
- Applications:

Light workshop production

Construction / Road transport / Shipyards

Maintenance and overhaul

Construction works, Military industry

Bodywork, Workshops

Sheet metal processing

Food industry

Plumbers / Installers

URANOS NX 2700 AC/DC

With features like a full color display with a highly intuitive user interface, an intelligent power system that ensures the most accurate welding arc, or the ability to customize the NX welding machines to specific welding tasks with myNX, Böhler Welding combines competence and experience of 40 years in the development of welding equipment.

- TIG AC - TIG DC HF - MMA
- Three-phase power supply
3x230V – 3x400V
- greenWave® inverter technology
- 5" color LCD user panel
- Welding programs (Bohler
Welding 7)
- Extremely agile
- Protection IP 23S
- Weight: 27.0kg
- TIG Duty cycle - 40 °C 40 % - 270A 60 % - 250A 100 % - 230A
- Suitable for: Carbon Steel - Carbon Steel - Stainless Steel - Cast Iron - Copper -
Titanium - Aluminium - Nickel
- Applications:

Light and Medium workshop production

Construction / Road transport / Shipyards

Maintenance and overhaul

Construction works, Military industry

Bodywork, Workshops

Sheet metal processing

Food industry

Plumbers / Installers

URANOS NX 3200 AC/DC

With features like a full color display with a highly intuitive user interface, an intelligent power system that ensures the most accurate welding arc, or the ability to customize the NX welding machines to specific welding tasks with myNX, Böhler Welding combines competence and experience of 40 years in the development of welding equipment.

- TIG AC - TIG DC HF - MMA
- Three-phase power supply 3x230V – 3x400V
- greenWave® inverter technology
- 5" color LCD user panel
- Welding programs (Bohler Welding 7)
- Extremely agile
- Protection IP 23S
- Weight: 27.5kg
- TIG Duty cycle - 40 °C 40 % - 320A 60 % - 300A 100 % - 270A
- Suitable for: Carbon Steel - Carbon Steel - Stainless Steel - Cast Iron - Copper - Titanium - Aluminium - Nickel
- Applications:

Light and Medium workshop production

Construction / Road transport / Shipyards

Maintenance and overhaul

Construction works, Military industry

Bodywork, Workshops

Sheet metal processing

Food industry

URANOS NX 4000 AC/DC

With features like a full color display with a highly intuitive user interface, an intelligent power system that ensures the most accurate welding arc, or the ability to customize the NX welding machines to specific welding tasks with myNX, Böhler Welding combines competence and experience of 40 years in the development of welding equipment.

- TIG AC - TIG DC HF - MMA
- Three-phase power supply 3x230V – 3x400V
- greenWave® inverter technology
- 5" color LCD user panel
- Welding programs (Bohler Welding 7)
- Extremely agile
- Protection IP 23S
- Weight: 35.4Kg
- TIG Duty cycle - 40 °C 40 % - 400A 60 % - 360A 100 % - 330A
- Suitable for: Carbon Steel - Carbon Steel - Stainless Steel - Cast Iron - Copper - Titanium - Aluminium - Nickel
- Applications:

Light and Medium workshop production

Construction / Road transport / Shipyards

Maintenance and overhaul

Construction works, Military industry

Bodywork, Workshops

Sheet metal processing

Food industry

URANOS NX 5000 AC/DC

With features like a full color display with a highly intuitive user interface, an intelligent power system that ensures the most accurate welding arc, or the ability to customize the NX welding machines to specific welding tasks with myNX, Böhler Welding combines competence and experience of 40 years in the development of welding equipment.

- TIG AC - TIG DC HF - MMA
- Three-phase power supply
3x230V – 3x400V
- greenWave® inverter technology
- 5" color LCD user panel
- Welding programs (Bohler Welding 7)
- Extremely agile
- Protection IP 23S
- Weight: 37.3Kg
- TIG duty cycle - 40 °C 35 % - 500A 60 % - 450A 100 % - 400A
- Suitable for: Carbon Steel - Carbon Steel - Stainless Steel - Cast Iron - Copper - Titanium - Aluminium - Nickel
- Applications:

Light, Medium and Heavy workshop production

Construction / Road transport / Shipyards

Maintenance and overhaul

Construction works, Military industry

Bodywork, Workshops

Sheet metal processing

Food industry
