

URANOS 1500 TLH

It is an extremely compact welding machine with an innovative design and ready for immediate use. They are an ideal solution not only for professional welders, but also for apprentices who want to get quality welding with extreme ease.

- TIG DC HF - MMA
- Single-phase power supply 1x230V
- greenWave® inverter technology
- Welding programs (Bohler Welding 3)
- All necessary for TIG in one suitcase
- Lightweight and professional
- Protection IP 23S
- Weight: 3.9kg
- TIG Duty cycle - 40 °C 30 % - 150A 60 % - 125A 100 % - 110A
- Suitable for: Carbon Steel - Carbon Steel - Stainless Steel - Cast Iron - Copper - Titanium
- Contents of the pack: URANOS 1500 TLH / Stick electrode holder / Earth cable / Wire brush and blasting hammer / Protection screen / Extension strap / 20 pcs in electrode package / Gas hose kit / Gas bottle holder / Pressure interchange / TIG torch ST 1500S
- Applications:

Light workshop production

Construction / Road transport

Maintenance and overhaul

Construction works

Bodywork, Workshops

Sheet metal processing

Food industry

Plumbers / Installers

URANOS 1800 TLH

URANOS 1800 TLH is an inverter power source for TIG DC HF and electrode (MMA) welding. Thanks to a number of functions and technical solutions, this product is designed for high-quality and accurate welding, such as stainless steel.

- TIG DC HF - MMA
- Single-phase power supply
1x230V
- greenWave® inverter technology
- Welding programs (Bohler
Welding 3)
- Fast pulse
- Lightweight and professional
- Protection IP 23S
- Weight: 9.4kg
- TIG Duty cycle - 40 °C 35 % - 180A 60 % - 160A 100 % - 140A
- Suitable for: Carbon Steel - Carbon Steel - Stainless Steel - Cast Iron - Copper -
Titanium
- Applications:

Light workshop production

Construction / Road transport

Maintenance and overhaul

Construction works

Bodywork, Workshops

Sheet metal processing

Food industry

Plumbers / Installers

URANOS NX 2200 TLH

URANOS NX 2200 TLH is an inverter power source for TIG DC HF and electrode (MMA) welding. Thanks to a number of functions and technical solutions, this product is designed for high-quality and accurate welding, such as stainless steel.

- TIG DC HF - MMA
- Single-phase power supply
1x230V
- greenWave® inverter technology
- 3,5" color LCD user panel
- Welding programs (Bohler
Welding 4)
- Lightweight and professional
- Protection IP 23S
- Weight: 23.7kg
- TIG Duty cycle - 40 °C 35 % - 220A 60 % - 190A 100 % - 165A
- Suitable for: Carbon Steel - Carbon Steel - Stainless Steel - Cast Iron - Copper -
Titanium
- Applications:

Light workshop production

Construction / Road transport / Shipyards

Maintenance and overhaul

Construction works, Military industry

Bodywork, Workshops

Sheet metal processing

Food industry

Plumbers / Installers

URANOS NX 2700 TLH

With features like a full color display with a highly intuitive user interface, an intelligent power system that ensures the most accurate welding arc, or the ability to customize the NX welding machines to specific welding tasks with myNX, Böhler Welding combines competence and experience of 40 years in the development of welding equipment.

- TIG DC HF - MMA
- Three-phase power supply
3x230V – 3x400V
- greenWave® inverter technology
- 3,5" color LCD user panel
- Welding programs (Bohler Welding 4)
- Lightweight and professional
- Protection IP 23S
- Weight: 18.8kg
- TIG Duty cycle - 40 °C 35 % - 270A 60 % - 230A 100 % - 180A
- Suitable for: Carbon Steel - Carbon Steel - Stainless Steel - Cast Iron - Copper - Titanium
- Applications:

Light workshop production

Construction / Road transport / Shipyards

Maintenance and overhaul

Construction works, Military industry

Bodywork, Workshops

Sheet metal processing

Food industry

Plumbers / Installers

URANOS NX 3200 TLH

With features like a full color display with a highly intuitive user interface, an intelligent power system that ensures the most accurate welding arc, or the ability to customize the NX welding machines to specific welding tasks with myNX, Böhler Welding combines competence and experience of 40 years in the development of welding equipment.

- TIG DC HF - MMA
- Three-phase power supply
3x230V – 3x400V
- greenWave® inverter technology
- 3,5" color LCD user panel
- Welding programs (Bohler
Welding 4)
- Protection IP 23S
- Weight: 26.0kg
- TIG Duty cycle - 40 °C 40 % - 320A 60% - 300A 100% - 270A
- Suitable for: Carbon Steel - Carbon Steel - Stainless Steel - Cast Iron - Copper -
Titanium
- Applications:

Light, Medium, Heavy workshop production

Construction / Shipyards / Railways / Aviation / Road transport

Construction works, Military industry

Bodywork, Workshops

Sheet metal processing

Food industry

Plumbers / Installers

URANOS NX 4000 TLH

With features like a full color display with a highly intuitive user interface, an intelligent power system that ensures the most accurate welding arc, or the ability to customize the NX welding machines to specific welding tasks with myNX, Böhler Welding combines competence and experience of 40 years in the development of welding equipment.

- TIG DC HF - MMA
- Three-phase power supply
3x230V – 3x400V
- greenWave® inverter technology
- 3,5" color LCD user panel
- Welding programs (Bohler
Welding 4)
- Protection IP 23S
- Weight: 35.4kg
- TIG Duty cycle - 40 °C 60% - 400A 100% - 360A
- Suitable for: Carbon Steel - Carbon Steel - Stainless Steel - Cast Iron - Copper -
Titanium
- Applications:

Light, Medium, Heavy workshop production

Construction / Shipyards / Railways / Aviation / Road transport

Construction works, Military industry

Bodywork, Workshops

Sheet metal processing

Food industry

Plumbers / Installers

URANOS NX 5000 TLH

With features like a full color display with a highly intuitive user interface, an intelligent power system that ensures the most accurate welding arc, or the ability to customize the NX welding machines to specific welding tasks with myNX, Böhler Welding combines competence and experience of 40 years in the development of welding equipment.

- TIG DC HF - MMA
- Three-phase power supply
3x230V – 3x400V
- greenWave® inverter technology
- 3,5" color LCD user panel
- Welding programs (Bohler
Welding 4)
- Protection IP 23S
- Weight: 37.3kg
- TIG Duty cycle - 40 °C 50% - 500A 60% - 470A 100% - 420A
- Suitable for: Carbon Steel - Carbon Steel - Stainless Steel - Cast Iron - Copper -
Titanium
- Applications:

Light, Medium, Heavy workshop production

Construction / Shipyard / Railways / Aviation / Road transport

Construction works, Military industry

Bodywork, Workshops

Sheet metal processing

Food industry

Plumbers / Installers

Design of tanks
